Pupil Privacy Notice for Parents

Introduction

This notice is to help you understand **how** and **why** Bedford Modern School collects your child's personal information and **what** we do with that information. It also explains the decisions that you can make about your child's information.

We are giving you this notice because you are able to exercise your child's data protection rights on their behalf. When your child is older (usually when they reach the age of 12) they will be considered mature enough to exercise their own data protection rights.

If you have any questions about this notice please talk to the Head of the Junior School.

What is 'personal information'?

Personal information is information that the School holds about your child and which identifies your child.

This includes information such as their name, date of birth and address as well as things like exam results, medical details and behaviour records. The School may also record your child's religion or ethnic group. CCTV recordings, photos and video recordings of your child are also personal information.

How and why does the School collect and use personal information?

We set out below examples of the different ways in which we use personal information and where this personal information comes from. Our primary reason for using your child's information to provide your child with an education.

Admissions and acceptance forms give us lots of personal information about your child. We also get information from you, your child's teachers and, sometimes, other pupils once your child joins BMS. Your child's old school also gives us information about your child so that we can teach and care for them. Sometimes we get information from your child's doctor and other professionals where we need this to look after your child.

We collect this information to help the School run properly, safely and to let others know what we do here. Here are some examples:

- We need to tell all appropriate members of staff if your child is allergic to something or might need extra help with some tasks.
- We may need to share information about your child's health and wellbeing with the School Nurses.
- We use CCTV to make sure the school sites are safe. CCTV is not used in private areas such as changing rooms.
- We may need to report some of your child's information to the government. For example, we may need to tell the local authority that your child attends one of the Trust's schools or let them know if we have any concerns about your child's welfare.
- We may need information about any court orders or criminal petitions which relate to your child. This is so that we can safeguard your child's welfare and wellbeing and the other pupils at the Trust's schools.

- If your child is from another country we have to make sure that they have the right to study in the UK. We might have to provide their information to UK Visas and Immigration.
- Depending on where your child will go when they leave us we may need to provide their information to other schools and colleges. For example, we may share information about your child's exam results and provide references. We may need to pass on information which they need to look after your child.
- If your child takes public examinations we will need to share information about them with examination boards. For example, if your child requires extra time in exams.
- We may need to share information with the police or our legal advisers if something goes wrong or to help with an inquiry. For example, if one of your child's classmates is injured at school or if there is a burglary.
- Occasionally we may use consultants, experts and other advisors to assist the School in fulfilling its obligations and to help run the School properly. We might need to share your child's information with them if this is relevant to their work.
- If your child have misbehaved in a serious way, and the police have become involved, we may need to use information about the action taken by the police.
- We may share some information with our insurance company to make sure that we have the insurance cover that we need.
- We may share your child's academic and (where fair) their behaviour records with you or their education guardian so you can support their schooling.
- We may share information about your child between the schools in the Harpur Trust. For example, how well your child has behaved at other schools in the Trust and their test results.
- We will only share your child's information with other people and organisations when we have a good reason to do so. In exceptional circumstances we may need to share it more widely than we would normally.
- We will monitor your child's use of email, the internet and mobile electronic devices e.g. iPads. This is to check that your child is not misbehaving when using this technology or putting themselves at risk of harm. If you would like more information about this you can read ICT Acceptable Use Policy or speak to the Head of the Junior School.
- We may use photographs or videos of your child on the School's website, social media sites or in publications to show prospective pupils what we do here or to promote the Harpur Trust. We may continue to use these photographs and videos after your child have left Bedford Modern School.
- Sometimes we use photographs and videos for teaching purposes, for example, to record a drama lesson.
- If you have any concerns about us using photographs or videos of your child please speak to the Head of the Junior School.
- We publish our public exam results, sports fixtures and other news on the website and BMS social media feeds and send articles, photographs and videos to the local and other news outlets to tell people about what we have been doing and celebrate success.
- We may keep your child's contact details when they leave so we can send them Eagle News, the OBM Club magazine and find out how they are getting on. The OBM Club is the name of the BMS alumni organisation and further information can be found at www.bedmod.co.uk/obms
- We sometimes use contractors to handle personal information on our behalf. The following are examples:
 - IT consultants who might access information about your child when checking the security of our IT network; and
 - we use third party 'cloud computing' services to store some information rather than the information being stored on hard drives located on the Trust site.

If you have any concerns about the above, please speak to the Head of the Junior School.
